EXPERIENCE

Software Developer Engineer Intern

Amazon.com

📅 July 2021 - June 2022   📍 São Paulo - Brazil

- NARF: big project of Amazon Brazil with international teams to enable new user experience.

Developer Intern

Panorama.Id

📅 Jan 2020 – July 2020   📍 São Paulo - Brazil

- Panorama was a startup with 5 employees.
- Here I used computer vision technologies to try to identify labels on boxes from films that a drone captured across a storage.

EDUCATION

Applied Matematics to Computer Science, BA

University of São Paulo - USP

📅 2016 - Interrupted   📍 Brazil

- Completed 54% of the bachelor degree.
- Completed several electives on different fields: Machine Learning, OOP, Algorithms, Graphs, Data Structures and Genetic Algorithms, Numerical Analyses, Behavioral Economics.

COURSES

kaggle

📅 2022   📍 Online

- Intro to SQL
- Advanced SQL
- Computer Vision
- Intro to Machine Learning
- Intermediate Machine Learning
- Pandas

Coursera

📅 2021   📍 Online

- Applied Machine Learning in Python
- Applied Plotting, Charting Data Representation in Python
- Introduction to Data Science in Python

LANGUAGES

Portuguese ●●●●●

English ●●●●●

German ●●●●○
B2 certification from Goethe institute

TECNOLOGIES

Python | Pandas | Numpy
Matplotlib | OpenCv | Tensorflow
SkLearn | SQL | git | Regex | C
C++ | Java | Django

ACTIVITIES

Programming Marathon

ACM-ICPC

📅 2016   📍 Brazil

Attended study group through 1 semester, learned Data Structures, Graphs, recursion and greedy algorithms through problem-solving. Participated on International Collage Programming Competition.

Exchange Semester

Reynalds Secondary School

📅 2015   📍 Canada

Studied one semester in Canada as a high schooler
